### **WHY US?**

Due to the given below reasons, we have become a preferred choice of everyone:

- **Modern production machines**
- **Skilled team of professionals**
- **High - quality zippers at reasonable prices**
- **Timely - deliveries**

We are supplying No. 5 Garments Zipper, which is manufactured using the best quality raw materials. Our garments zipper has the thickness of 1-10 mm.

### **OUR MANUFACTURING UNIT**

We have a state of the infrastructural base that helps us to provide high-end zippers to the clients. Our infrastructural base is divided into the following divisions:

- **Plant & Machinery**
- **Tool Room**

We import the machines from the leading machine manufacturing houses, based across the globe. We ensure speedy production of the whole variety of components with the aid of imported plant and machinery. Moreover, our in-house production also has inquisitive testing mechanism to test the raw-materials and end-products.

Our Plant & Machinery are imported from the very best machine manufacturing houses, the world over. The Plant & Machines ensure a complete indigenous production of the entire range of components.

The infrastructure combines imported plant and machinery, which ensures the a complete in-house production, a well equipped tool room & a comprehensive and inquisitive testing mechanism that examines the raw material sourced from outside.
